PERSONAL PROJECTS

CAR PARKING SYSTEM (03/2019)

- To find and book the free parking slots using web application and Internet Of Things

Memory Game Using HTML, CSS, JS (06/2019)

- There is some four digit random number generated behind the screen and we have to find that number and it cannot be repeated. If the number is correct then it shows green color or if it is in wrong place it shows orange color otherwise it shows red color

Movie Ticket Booking System (06/2019)

- To view and see the list of movies and book the seat with preferred theatres

Library Management Using Angular (07/2019)

- To search the books and read through online and also the user can do CRUD operations

Design Templates (07/2019)

- I was done some design templates using angular
